He can already notice a large increase in orders coming from the field—a sure evidence of prosperity.

The party that has been encamped just west of Gillespie broke up on Friday and returned to their homes. The place where they make their annual camp is named the "Molly Harper Hole," but they "being of a strange tongue could not frame to speak the name aright" so called themselves the "Molly Hopper Camping Club."

The improvements to Mrs. Vicie Sanders' handsome home near Graham are nearing completion. The dwelling has been equipped with steam heat, electric lights, etc. Also additional rooms have been added. A professional decorator from Cincinnati recently finished the interior of the building. The rooms have been numbered and many other conveniences added which makes it among the finest homes in this section.

The revival services at the Methodist church continues with increasing interest. Rev. J. B. Culpepper arrived Saturday and has taken charge of the services. He preached an excellent practical sermon on Sunday morning but was unable to deliver his address to men only on Sunday afternoon so the service that was to have been held at the Presbyterian church was consolidated with the service at the Methodist church and conducted by Rev. Burke Culpepper. The daily morning service has been continued throughout the week and many have professed an interest and no doubt but the two evangelists will do much good while here.

Clinchfield Lease Postponed.

The special meeting of directors of the Seaboard Air Line, which was called for August 15 to act on the proposition to lease the Carolina, Clinchfield & Ohio Railroad, has been postponed until the latter part of September. It is understood that the reason for deferring consideration was on account of the difficulty of getting all the members of the board together in August, when so many people are out of town, as well as because more time was desired to consider the matter before action.
